

Tennessee

Here's one of the easiest blocks we have in this quilt. I got it from Quilters Cache but it's in several other books and websites also. This one calls for different reds and different blues but of course you may use just one red and one blue if you like. It just makes it less scrappy.

Supplies -

- 6 red/white half square triangles
- 3 different reds 3 7/8 inch squares
- 3 white 3 7/8 inch squares
- 3 different blues 3 1/2 inch squares

Construction -

Using the red and white squares, make 6 half square triangles. Directions for HSTs are in several of our previous blocks.

Sew 3 rows together as shown. Press and sew the 3 together.
